To Whom It May Concern:

It is my distinguished pleasure to recommend an artist of the highest caliber, Caesar. Caesar came to my attention some years ago at the recommendation of a friend who happens to be a musician I respect. I contacted Caesar, checked out his various recordings and decided to bring him to perform with my orchestra in Arkansas.

Once we met in person, I instantly found him to be that rare performer who not only entertains the intended audience but inspires those on stage with him. He is an extremely talented singer who obviously loves what he does, and that shines through his performances. His voice is deep and smooth, and he has a stage presence that immediately captured our audience. I found him to be an easy artist to work with, with a keen sense of musicianship that also commanded the respect of the orchestra.

In conclusion, I would highly recommend Caesar as an artist to consider, and I personally continue to book Caesar as a featured artist where I conduct. Your audience will greatly enjoy what will certainly be a memorable and enjoyable concert experience. If you should need any additional information regarding my recommendation, please feel free to contact me by telephone or by email at kermitpoling@gmail.com or 318-573-6513 anytime.

Sincere regards,
